Reasons For Allowance

1. This application has been examined. The amendment filed 8/25/05 has been entered. Per applicant request, claims 25-26 and 30-32 have been cancelled.

2. The following is an examiner's statement of reasons for allowance: The cancellation of the rejected claims 25-26 and 30-32 places the application into condition for allowance. The key feature in combination with the other features of the claims is that the priority section is separately located from the proximity section, thus shpwing the two separate icon indicating features. The features of the remaining independent claims combined (1 – method, 20 - method which receives the profiles, 24 – mobile terminal, 27- mobile terminal recited as having the priority and proximity rankers, 29 – computer readable medium, 34 – method with the two priority sections (separately located)) are not set forth in the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
